

## Rondebosch Cricket Corner

---

### An Appeal - Howz That

The Rondebosch 2nd Team was moved by the scarcity of kit in the Khayalitsha team when the 2nds played Khayalitsha CC earlier on this season, and also the fact that the Khayalitsha players had to share kit and some of it was really old and in a bad condition.

What a contrast they must have thought when viewing our players' kit. What was even more poignant was the sportsmanship and manners which the Khayalitsha team displayed and how appreciative they were for the refreshments and lunch.

Pieter Davis (Carl's father) has started an appeal for your unused, old, too small or redundant kit. At the same time I must commend the Dugmores from Kimberley (also the 2nd Team) for bringing down a healthy supply of second hand kit collected up there recently.

Pieter has discussed this appeal, with Mr. Rob Dalrymple and it is felt that if sufficient kit can be collected it could even be shared between Khayalitsha CC and Langa CC boys, as RBHS has a traditional Hockey relationship with Langa through Mrs. Colleen Hodge.

Please go through your Cricket Kit (and even Hockey for that matter) and as it is the end of Cricket Season, now would be the ideal time for a spring (autumn) clean out of the Cricket Cupboard.

Pieter Davis is prepared to champion this collection drive and he may be contacted direct at his e-mail address or cell phone to make arrangements for the collection of any kit you may wish to donate.

[pjdavis@mweb.co.za](mailto:pjdavis@mweb.co.za)

Cell No 083 658 2500

11 Thibault Ave,  
Newlands.

Please could you contact Pieter BEFORE 23 March 2009 so that he can arrange a hand-over before the end of the Term.

Please also consider personal items such as Cricket shoes, Cricket Longs, in fact anything "cricket" as these were also seen to be things which were in short supply and well used and which the players would also appreciate. Kit for ANY age group will be welcome I am sure.

If you care to also collect from friends who are not Bosch players and hand it over to Pieter, then I am sure it would be greatly appreciated.
