ISSUE #32 15 NOVEMBER 2010

E-mail Circulation is currently 386

Editorial

Rondebosch Cricket Corner wishes every Bosch Matric the very best with their final exams and the very best of luck in your chosen careers.

May you always have fond memories of your Bosch Cricketing years, and please do come back to support your School at the needle matches against our traditional competition, in the years to come.

This is my swansong and after this edition I will be retiring, to use cricket terminology.

Thanks to everyone from the Headmaster, the Faculty, Coaches, Parents, Players and contributors, be it articles, reports or photographs, but most importantly of all, to my family, Penni and Michael, who supported me and put up with seeing my back on Sunday evenings and Monday mornings while I stitched together on the computer, all the items, from so many people, that went into making the Cricket Corner what it has become.

My vision was to create a medium to unify Cricket at Rondebosch, so that all players had a platform for sharing their successes and to enable each Coach or Captain to have a vehicle to promote their team's successes. It was important to me that prominence was not only accorded to the A sides or 1st Team, but right down to the E team of the youngest age group. The important thing was that Rondebosch could field so many dedicated Cricketers irrespective of their skill level and that they felt part of the "Bosch Cricket Family".

Cricket won every week irrespective of the match score.

Best wishes for success go to my successor who still needs to be announced.

Altius et Latius.

U19A 1st Team vs Wynberg (20/20 at Bergvliet)

The finals of the Bergvliet/Edusport night series on Friday night saw us take on Wynberg and Rondebosch did well to restrict Wynberg to 114 in their allotted 20 overs after they had been in a strong position at 83 for 2 after 13 overs. This proved to be enough for Wynberg as the top order self-destructed with some poor shot making and awful running between wickets. It was a disappointing end to a tournament, especially after the good showing against Wynberg the week before.

Mr Rob Dalrymple (Coach)

U19A 1st Team vs Bishops

Saturday was no better as Bishops put us in to bat and immediately made the most of the seamer-friendly conditions. Both Strang and Smith got the ball to nip around, and we assisted them with some injudicious shot-selections. Keagan Smith batted bravely and helped us past the 50 run mark, but it was never going to be enough to defend. Matt Sutcliffe set the Bishops heart racing with 3 early wickets to have the visitors on 16 for 3, but as the ball softened, batting conditions became easier and Golding and Jacobs complete a comfortable 7 wicket victory for the visitors.

Mr Rob Dalrymple (Coach)

U19A 1st Team vs Tygerberg (20/20 Semi Final)

Sunday saw us take on a motivated Tygerberg High School in the semi-final of the regional knockout. They won the toss and batted, but were never allowed to get going in their attempt to set a challenging target. Kay Skovgaard-Petersen was the standout man in the attack finishing with 3 for 5 in his 4 overs. Matthew Steel and Hayes van der Berg were thoroughly professional in their approach to the run chase, getting themselves set before showcasing their talents with some dazzling strokeplay. Matthew hit three towering sixes to ensure that the 10 wicket victory was recorded with plenty of overs to spare to set up a final against Wynberg in the new year.

Mr Rob Dalrymple (Coach)

U19B 2nd Team vs Bishops

The game of cricket is a very humbling one at times. What the boys experienced on Saturday can only be described as such and shows that victory must not be taken for granted. We started slightly late due to the weather being quite unpredictable in the days leading up to the match. In fact, there was some slight rain in the morning too. We won the toss and sent them in to bat in overcast conditions. They batted very well upfront and it took us all of 25 overs to take the first wicket. Sufyan Banderkar then put in a mammoth effort of bowling 30 overs on the trot! He ended up with figures of 7/51 and bowled extremely well. The other bowlers supported him very well and we ended up bowling them out for 206 in 70 overs.

We started very cautiously in our run chase. When Jason Middleton and Devlin Quinn came together, we were on 73/3. A fantastic partnership of 119 between the two of them put us firmly in control of the match. We needed 15 to win with seven wickets in hand. Jason had batted brilliantly to get a 100 and Devlin had played the supporting role to perfection. Then the most bizarre thing happened. Devlin got out. Then Jason got out. Then Drew Matthews got out 5 runs later. Then Danie Krynauw. It was almost as if we decided that we were winning too easily and needed to make it interesting. Needless to say, we fell short of victory and Bishops beat us by 3 runs having taken our last 7 wickets for 12 runs.

It was a devastating blow to the team and an unfortunate way of ending the season, but that is cricket for you. That is why we love this game so much.

Thank you to all the boys and parents who made it such a wonderful year. May Rondebosch continue to flourish in the years to come

Mr. Peter Harold - (2nd XI Coach)

U19C 3rd Team vs Bishops

A slight drizzle threatened to cancel our match on Saturday. Fortunately, both teams decided to wait a bit before the final call would be made. The two teams got involved in a friendly soccer match until we were able to start at 9:30. A decision was taken to play a 20/20 match. The pitch was still damp and slightly sticky at that time.

Bishops won the toss and sent us in to bat, on what everyone thought was going to be a tricky pitch to bat on. Our batsmen came out in an aggressive mood and attacked the very disciplined bowling from Bishops (they only bowled 2 wides in 20 overs!). Akilan Naidoo and Gareth Spencer put together a whirlwind partnership of 81 runs from only 58 balls. Akilan ended with 45 runs and Gareth on 40*. Gareth also hit one of the biggest sixes we have seen this year! This saw us reaching 128/4 in our 20 overs.

Bishops came in to bat on a pitch that has dried and looked good to chase on. Unfortunately for them, the run rate of almost 6.5 from the start was rather intimidating, and when they lost two early wickets, their batting was not up to the task anymore. Our bowlers showed little sympathy, and a combination of aggressive bowling combined with poor shot selection saw Bishops bowled out for 53 runs. Khalid Mahomed was the pick of the bunch ending his spell with 4/8 in 3 overs.

The only dampener on our performance was that of Bishops' 53 runs, 20 were extras!

After our experience against Wynberg, this was the one area we wanted to fix this week - we will have to work hard over the break if we want to be more competitive next year.

Our team grew in character during the year and continued to improve. Their biggest strength was that they played as a team and always enjoyed what they did. We played 12 matches, won 8, tied 1, and lost 3. Well done to all and enjoy your break.

Mr. Gustaf Pienaar (Coach)

(Match Scorebook and stats at foot of Cricket Corner)

U19D 4th Team vs Bishops

The Match was abandoned due to rain and a wet wicket.

Mr. Rowan Harmuth (Coach)

U19E 5th Team vs Bishops

Won by 95 runs

U15A vs Bishops

Venue: Frank Reid Oval

Start Time: 16h00pm

Format: 45 overs

We opted to bat upon winning the toss. The skies were dark grey and we always knew that the unpredictable Cape weather could have a significant impact on the game. We were unfortunately under pressure early on with the score-board showing 6 overs, 2 wickets for 8 runs. Matthew Steel was joined by Zubayr Hamza who showed their intent by taking the Bishops bowlers to task. Even though the rain was now coming down steadily, there was no respite for the bowlers and the batsmen continued to mercilessly punish them. After the completion of the 21st over, the umpires decided to bring on the covers. At that stage, Rondebosch was in a healthy position of 159 for 2 wickets after 21 overs.

The heavens continued to open up and the game was eventually cancelled after the supper break. We are disappointed that we could not continue with the game, especially considering our dominant position.

As my last report as captain for the side, I wish to thank our coaches Mr. Snijmann and Mr. Maron for all their fantastic support that taught us not only about the technical, tactical and decision making in cricket, but also about the etiquette, mental performance and sportsmanship of the game. These lessons will prove invaluable to each and every one of us as we head into the senior divisions next year.

A huge Thank You as well to our scorer, Mr. Van Rensburg and all the parents who have so passionately supported us through sunny and grey skies, in easy and difficult games and on our travels throughout the season. Let's also not forget to thank our sponsor, Collect Cellular who ensured that we looked (if not always smelling after a match) fantastic in the various formats we played.

Last, but not least, to the team who gave their all in every match and made playing in such a highly talented team an honour and a privilege. Best wishes to all for 2011.

U15B vs. Bishops

The RBHS U15b side were in buoyant mood as we took on our old rivals Bishops in the last game of the season. The opposition won the toss and decided to bat on a cloudy and rainy day which we thought would favour our bowling. Good tight bowling from Matthew Giddy and Blake Reinecke upfront always made scoring difficult and when Dean Rippon came on with his leg spinners we bowled them out for 109 with Dean getting 4 for 21 off his 7 overs.

We set out to bat with a positive mindset and we delivered a good batting performance to compliment our earlier bowling and fielding efforts with Nick Le Roux once again proving his class with the bat as compiled a brilliant 44 not out as we thumped Bishops by nine wickets.

Great way to end the season boys. Well done boys I have greatly enjoyed working with you for the past 2 years.

Good luck with future cricket endeavours.

Mr. Client Musamba (Coach)

U15C vs. Bishops

Won by 5 wickets

U15D vs. Bishops

BYE

U14A vs Bishops

A hard week of practice and the boys were ready to take on Bishops who had had a good run of form in the build up to the final match.

Due to early morning rain the game was delayed and a 45 limited over match was the format decided upon.

Mathew won the toss for Rondebosch and elected to bat. It was just a matter of surviving the first hour and then cashing in.

Despite the loss of regular wickets, Rondebosch kept a healthy run rate and Stef Filippi formed the core of the Rondebosch batting, with a mature and well paced innings of 86. Michael Palframan and Chad Muller were both given the freedom to hit quick thirties, bringing up a respectable score of 246 for 9, in the allotted 45 overs.

Bishops made a real go of it and started looking dangerous in the middle order bringing the run rate to less than five an over, with 20 overs to go, and with wickets in hand.

Jordan Corfe was rewarded with disciplined bowling up front, to end with 2-31. Kyle Ritche put the brake on at the latter stage of the innings and made an invaluable contribution by taking 2 for 27 in his nine overs. He was ably supported by Chad Muller and Stef Filippi (who had a memorable game). All the other bowlers chipped in taking wickets at opportune times.

Tayo Walbrug changed the game with some athletic fielding, resulting in a run-out, just as Bishops were looking dangerous. This was the spark that Rondebosch needed, and a fired up side put a polished display of ground fielding, to close Bishops out and bowl them out in the last over of the match.

Result -Rondebosch completing the double over Bishops, to win by 22 runs.

This has been a great season, with Rondebosch arguably being the top side at U/14 level in the Western Cape. Well done to the boys for all contributing at various times, to make the season a real team effort. It will also be remembered for the year that an unbelievable batting display of 467 was reached in 50 overs. Thanks to the parents for the positive support of their sons and of the team.

Mr. Lloyd Nel (Coach)

U14B vs. Bishops (Day Night)

The U14B's final fixture of the year was a day/night match vs Bishops on the Frank Reid Oval. This was a very exciting occasion for the youngsters and they certainly rose to the occasion.

Winning the toss and unsurprisingly deciding to bat first we got off to a steady start before losing both Trocado and Serour in quick succession. Needing to rebuild we lost McEwan and we were in trouble at 22/3. Riley Louw and Matthew Jeffery then went about rebuilding the innings and saw us safely to drinks with the score on 67. After the drinks break, Jeffery came out in a more positive manner and played some great shots before he was unluckily run out at the non strikers end while backing up. Kaplan then came to the wicket to join Louw. Louw continued to strike the ball well playing some stylish shots and piercing the field at will. Unfortunately he was dismissed for 47, three short of a well deserved 50. Kaplan was then dismissed the very next ball and things seemed to be falling apart with the score on 103/5. It was then left to Zander Botha and Aidan Child to bat for the last 13 overs and get us to a competitive total.

Although they started off slowly they finished with a bang. Their running between the wickets was out the top drawer, they put the bad ball away when it presented itself and managed to see us to 164 in our 40 overs. Zander Botha ended with 26* and Aidan Child on 25*.

Bishop went in to bat and started off slowly but managed to see off the new ball.

It was the introduction of off spinner, Matthew Jeffery that brought about the first wicket.

Another followed soon after off the bowling of Greg Wagner after a sharp piece of fielding from Aidan Child. Having dismissed the top 3 of Bishops we knew we were in with a big shout.

At drinks they need 117 runs off 120 balls which was always going to be a tough task.

Bishops tried to up the run rate but lost too many wickets and were dismissed for 96.

Matthew Jeffery picked up 4/18 in 8 overs, Aidan Child and Ewald Rist each picked up 2 wickets a piece.

It was a great way to end off a very successful season. Many thank to the parents for their continued support throughout the season.

RBHS won by 68 runs

Mr. William Solomon (Coach)

“The PARADOX of WINNING and LOSING“

- Webster’s dictionary defines the word “paradox” as a “**statement that seems contradictory, unbelievable or absurd, but that may be actually true in fact.**”

In sports psychology there is no more important paradox that you must learn than the paradox of winning and losing. What is it?

- Is winning important to you?
- Do you truly, desperately need to win?

The more a winning outcome is important to you, then the further winning must be from your consciousness and focus

of concentration when it’s competition time.

Want to beat that perennially tough rival of yours? Then, the further the thoughts of them must be from your mind as

the competition begins. When you think about or concentrate on winning, that is, when you keep winning close to you,

the reality of it ever happening goes further and further away from you.

Paradoxically concentrating on winning makes it more likely that you'll lose. Similarly, when you dwell on beating that opponent of yours, you significantly increase the chances that they will beat you. Far too many athletes, coaches and parents do NOT understand how the paradox of winning works. If you fail to grasp its' significance, then you will continue to choke under pressure and consistently steal defeat from the closing jaws of victory.

“Winning will always take care of itself”

The two most common and costly mental mistakes that are committed by teams and by athletes at EVERY level across EVERY sport, EVERY day are very basic and, believe it or not, easily corrected.

These two mistakes result in more heartache, disappointment, frustration, choking and poor performances than any I know of. Both mistakes fit nicely into the serious athlete's naturally competitive nature. Correct these mistakes and you'll be well on your way to mental toughness and performing to your potential when the heat of competition is turned

way up.

Continue to make these mistakes, and I can guarantee that you'll continue to “cluck with the turkeys”

rather than soar with the eagles.

Both of these mistakes are directly related to concentrating on the outcome of the contest.

- The first involves **focusing too much on your opponent**, specifically beating him or her.
- The second involves **concentrating too much on winning, getting a certain score, scoring “x” number of wickets, or any of those outcome concerns.**

How do these mistakes fit into the serious athlete's naturally competitive nature? Simple! If you are anything like me on the tennis court, then you probably hate losing with a passion.

Most serious athletes do! Most likely you have certain opponents that you'd really like to beat. It's your competitiveness and sometime desperate need to win/come out on top of your opponent where the problem lies! Too many athletes make winning so important that this is predominantly what they think about and focus on going into and during the contest.

Similarly, many athletes want so badly to beat a particular opponent that they end up focusing far too much on this individual or team instead of on what they themselves are doing. Both of these concentration mistakes set you as an athlete up for failure. How?

Let's take your opponent first.

How your opponent performs, their skills, talent, strength, reputation, what they ate for breakfast, etc. is a HUGE UNCONTROLLABLE.

What does this mean?

You have absolutely no DIRECT control over them. Concentrating on needing to beat this opponent before or during the game, match or race will only serve to distract your focus from the important task at hand, get you physically and mentally uptight, undermine your confidence, and insure that you'll perform with two left feet! In fact, it is this over focus on the opponent that leads athletes into getting psyched out and intimidated.

The paradox here is critically important for you to understand.

Remember the definition of a paradox: **“a statement that seems contradictory, unbelievable or absurd, but that may be actually true in fact.”**

If you truly want to beat someone else, if you truly want to kick their overconfident, annoying little butt, regardless of whether this person is an opponent, a team-mate, or a pesky archrival, **then you need to be sure that you focus on YOU!**

That's right! **TO BEAT SOMEONE ELSE YOU MUST CONCENTRATE ON YOU.** The more you focus on THEM, the less chance you will have of playing to your capabilities and actually beating them.

The same paradox holds true for the competition's outcome.

- Is that championship truly important to you?
- Do you really want to break that school record or qualify for your County team?

If you do, then the thought of winning and achieving those goals must be the farthest thing from your mind right before and during the contest. The closer those goals are to your consciousness on game day, the farther away they will move from your grasp! Making a competition's outcome too importance will set you up to perform tight and tentative.

In this most recent Winter Olympics, skating great Michele Kwan was in a solid first place going into the long program. Her goal? To win gold.

She wanted to avenge her loss in the previous Olympics.

She went out onto the ice thinking about winning.

The result? She skated a terrible program and ruined her chances of winning gold.

And what about the eventual gold medal winner, Sarah Hughes? She went into the long program in a virtually impossible-to-win-gold 4th place. She went onto the ice without any thoughts of winning and, as a result, skated relaxed and brilliantly to win the gold medal. Want to win? Then you must put winning completely out of your mind when it's competition time

Remember my favourite quote:

WHEN THE ARCHER SHOOTS WITH LOVE AND PASSION FOR THE SHOOTING, HE HAS ALL HIS SKILLS AND HITS THE BULLSEYE AGAIN AND AGAIN.....WHEN HE SHOOTS FOR THE GOLD, (centre of the target) HE GOES BLIND!

At game time forget winning.

Forget your opponent.

Instead, **FOCUS ON WHAT YOU ARE DOING IN THE MOMENT.**

If you concentrate on yourself and playing your own game in the NOW, winning and besting your opponent will take care of itself.
