Dear Parents

*"The challenge may not be easy, but it is possible." - Unknown*

As the dust is settling at Little Bosch, we now turn our attention towards you, the parents. Two workshop opportunities to assist you with your parenting skills are being presented at the beginning of February by two well known speakers. We encourage you to attend and trust you will benefit and gain insight from one of the presentations or both. See separate flyers attached to this newsletter and take careful note of the venues.
